					Computing	
Week 8	Computing – Key Skills Unit (to be incorporated during Geography unit)					
RETRIEVAL FOCUS	HISTORY (from previous year)	MUSIC KNOWLEDGE (from previous year)	GEOGRAPHY	ART/DT	GEOGRAPHY	HISTORY

RETRIEVAL

Each half term will have a retrieval focus – this will be based on previous learning (either from the current year or previous years). Opportunity will be provided for children to demonstrate knowledge they have retained and this will allow teachers to identify areas for development.

Retrieval practice will involve a revision lesson and can take the form of any (or a combination of) the following:

- Quick quiz or written quiz (this should allow for children to answer individually but can be done as a class and answers shared)
- Labelling diagrams
- Completing blank knowledge organisers
- A free writing task allowing children to showcase knowledge
- A presentation or performance
- Create mind maps
- Elements of formal assessments in some subjects (use of science documents to supplement judgement)

Over the course of the year, teachers will develop a long-term picture of children's attainment in all wider curriculum subjects and therefore make accurate judgements at the end of the year for reports. Teachers will also identify children who are not achieving ARE at key milestones throughout the year and act on this where appropriate and possible.

Key Dates 2023/24

Autumn Term

W/C 25th September 2023: **Y6 practice SATs week** (2021 – baseline assessment)

1st October – 31st October 2023: **Black History Month 2023** (Theme: Black Resistance) – during Autumn 1 – link to Computing Key Skills?
